Working from home

How to keep safe, healthy and productive

Top tips on how to keep the work/ life balance at home

- Maintain regular hours - set a schedule, and stick to it
- Dedicated office space - working at your laptop safely
- Keep normal morning and end of day routines
- Schedule breaks throughout the day
- Leave home – our bodies need to move
- Healthy diet – give your body the nutrition it needs
- Contact your supervisor if you become ill or too unwell to work
- Keep in regular contact with you team at your University or at NPL and stay in touch with fellow students and colleagues
